REASONS FOR ALLOWANCE

The prior art made of record and not relied upon is considered pertinent to Applicant's disclosure.

Lang, U.S. 3,167,122; Lang et al., U.S. 3,175,618 and Teague et al., U.S. 2,812,025 discloses a similar method of liner placement using explosives.

Suman, U.S. 4,577,696 discloses a similar pair of sealing assemblies.

McMahan et al., U.S. 6,964,305 discloses expandable liner between a pair of seals.

The following is an examiner's statement of reasons for allowance:

The prior art of record does not disclose or suggest all the claimed subject matter including means for preventing an outermost seal from exiting the sleeve until the sleeve has been fully expanded and a preset pressure threshold has been reached.

The prior art of record does not disclose or suggest all the claimed subject matter including seals adapted to sequentially fail to expand the first and second ends of the sleeve.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
